Canine Courses

Why Attend Class? Teaching provides a means to communicate, better understand and build a relationship with our dogs! *We are asking the dog to live with us in our environment and according to our rules. It is only fair for us to teach our dog companions these rules.* A well-mannered, socialized dog is a joy to live with and teaching is a crucial step toward ensuring your dog becomes a well-behaved and enjoyable family pet. Our classes will help you teach, socialize and communicate with your dog.

The teaching method is based on kindness and respect. We use positive reinforcement such as praise, toys, playtime, or treats to motivate and reward desirable behaviors.

Humane Society of West Michigan offers assistance with:

- Socializing
- House Training
- Chewing
- Barking
- Play Biting
